SEIZED BY BOERS

Newcastle, a British Stronghold, Has Fallen.

REPORTS THAT WON'T DOWN

Burgers Pounding Kimberly and Mafeking With Shot and Shell.

MYSTERIOUS MOVEMENT OF TROOPS

Great Activity Noted on the Transvaal Border, Divisions Scurrying In All Directions—Late Dispatches From the Scene of Strife.

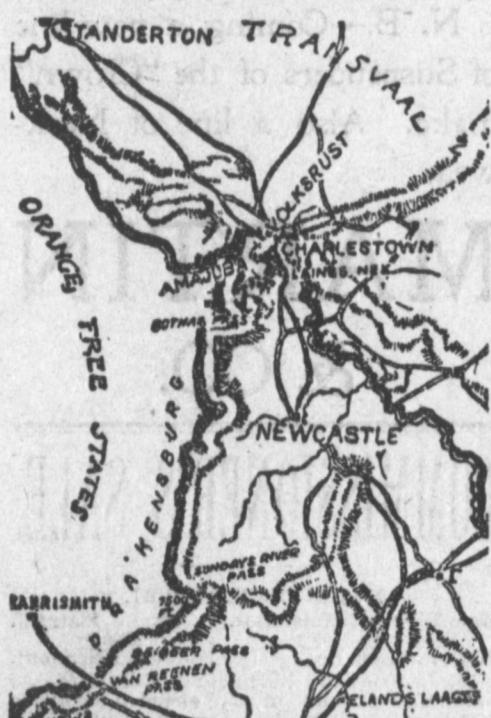

Cape Town, Oct. 16.—President Steyn of the Orange Free State and President Kruger of the Transvaal maintain direct telephone connection.

Aliwalnorth dispatches say that Frere bridge, which heretofore has been a great aid to Boer spies, is now closed and guarded by Cape police.

It is rumored that the Beeste kraal commando, strengthened by 800 Boers from Smithfield, is menacing Aliwalnorth.

A Kaffir brought to Vryburg by the returning hospital train says he passed the scene of the recent armored train disaster, and saw several bodies of white men lying there.

There is still no reliable news from either Ladysmith or Glencoe, except

that a patrol from the latter place exchanged shots with a small body of Boers on the road to Helpmakkie. All reports agree that the Boers now occupy New Castle.

Boer tents have been discovered eight miles southeast of Kimberley. Great clouds of dust seen ten miles to the eastward of Kimberley seem to indicate the movement of a large body of troops with wagons. Two imperial officers at Midday also discovered a column of 400 Boers going in the direction of Modder river bridge from Johannesburg. Small parties of Boers, evidently on a commanding expedition, have passed Kaffir river. There are large commandoes on either side of the railway. The burghers say they will have 2,000 men. They probably intend to join the other force in camp seven miles from the Cape.

The German consul general has issued a proclamation of neutrality, commanding all Germans to hold aloof from hostilities.

Five hundred Boers occupy Border Siding, northward of Fourteen Streams, with cannon, where they are awaiting orders to destroy the line or attack Fourteen Streams. The railway telegraph officials have abandoned Maribogo. The nearest British point of communication to Mafeking is Setlagooi, 60 miles away.

While it is the general belief that the Boers are attacking Mafeking, there is still no confirmation of the reports.

Cape Town, Oct. 16.—Kimberley is besieged and the Boers are massing in force. No details are obtainable.

The Boers have cut the railway at Belmont, have seized the Spytfontein railway station and constructed earthworks. There are strong defending forces at Modder bridge and the Orange river bridge.

The objects of these energetic operations is believed to be the capture of Cecil Rhodes. Kimberley is now isolated, both railway and telegraphic communication being cut.

Hospital Train Escapes. Vryburg, Cape Colony, Oct. 16.—A

hospital train that started for Maribogo has just returned after an adventurous journey. It had reached a curve on a culvert 700 yards south of Maribogo, and had just slackened speed, when it was observed that the rail ahead had been upturned. The brakes were applied, but the engine passed onto one rail partly raised and was derailed. The occupants immediately righted the engine. At the same time it was observed that a party of Boers were galloping into line east of the railway, but well on the Cape Colony side of the border. Some of the persons on the train declared that they saw a canon pointed at the train. The intention of the Boers was apparently hostile. The train ran back to Vryburg at full speed, the engine flying a white cross.

Anxiety at London.

London, Oct. 16.—The government has received no news of fighting in South Africa. No battle is probable except at Mafeking. Communication with which place has been cut and for which considerable anxiety is felt. Elsewhere, however, it is believed the British will remain on the defensive. Lord Salisbury has issued a summons for a cabinet meeting.

British Troops in Natal.

Durban, Oct. 16.—Following is the strength and disposition of the British troops in Natal: At Ladysmith, seven batteries, 32 guns, 4,000 infantry; at Estcourt, 200 volunteers, and at Lorenzo 427 volunteers. These, with the force at Pietermaritzburg, make a total of 15,000 men in Natal.

Riot at a Christening.

Springfield, Ills., Oct. 16.—At a christening of a child in a Polack family at Auburn, 20 miles from Springfield, a riot started between the Hungarians and Poles, and Stephen Roskie, a Hungarian, was instantly killed. There has long been an enmity between the Hungarians and Poles. Several men are said to have been injured in the fight, but they would not allow physicians who were sent up to the scene to see them. Two men have been held by the friends of Roskie, who are believed to be his murderers.

Honor to Bishop Whipple.

Minneapolis, Oct. 16.—Forty years ago last Friday Bishop H. Whipple was consecrated bishop of Minnesota. Sunday the event was celebrated in all the Episcopal churches of his diocese. In this city special services were held, the features being musical programs of unusual excellence, with sermons by the rectors reviewing the able services of the bishop in the state since his consecration.

Christian Church Jubilee.

Cincinnati, Oct. 16.—It is estimated that there are over 100,000 visitors here in attendance on the jubilee convention of the Missionary society and boards of the Christian church. The sessions will continue until Thursday night. Communion services were celebrated in Music hall, and three large overflow meetings in churches so as to accommodate over 10,000 communicants.

Louisville Meeting.

Louisville, Oct. 16.—The classic fixed events of the Louisville Jockey club—the Kentucky Derby, Clark stakes and Kentucky Oaks for 1901—closed today. They are foals of 1898, now yearlings. The derby is worth \$6,000, the Clark stakes \$4,000, and the Kentucky Oaks \$3,000, all in cash, there being no forfeits of any kind.

Harrison Honored.

Berlin, Oct. 16.—The press of the city points out at the recent reception to Benjamin Harrison he was especially honored by Emperor William, his majesty even disregarding the rules of court etiquette by seating General Harrison at the table of honor reserved for members of the royal families.

An Official Denial.

Constantinople, Oct. 16.—The porte denies the statement telegraphed from Bucharest last week that the sultan had drowned in the Bosphorus several ladies of the harem for alleged complicity with members of the Young Turk party.

Contract For Steamers.

Buenos Ayres, Oct. 16.—The British government has contracted here for five steamers to carry to South Africa horses, mules, wheat, etc., and had bought the Argentine for a troop ship.

Miss Underhill Wins.

Philadelphia, Oct. 16.—Miss Underhill defeated Mrs. Fox in the finals of the woman's golf championship tournament and won the championship of the United States. Score: Miss Underhill, out 52, in 34. Mrs. Fox, out 55, in 48.

Calico Men Combine.

London, Oct. 16.—A combination of all the firms engaged in the calico print trade in Lancashire and Scotland is announced. The capital involved is about \$50,000,000. The undertaking is due to price cutting in New York.

PRESIDENT BETRAYED.

Revolutionists to March Upon Venezuela's Capital Without a Battle.

HE WILL BE FORCED TO RETIRE.

Crisis Imminent at Caracas as a Result of the Rising—American Minister Loomis' Suggestion Adopted.

Caracas, Venezuela, Oct. 16.—Advices from Petare, ten miles from Caracas, say the people have risen against President Andrade and a crisis is imminent here. The commander of the government forces has betrayed the president and will allow the revolutionists to march upon Caracas without a battle.

President Andrade will probably be forced to retire, re-establishing his government at Maracaibo or Puerto Cabello. Tuckacas has been taken by the revolutionary forces.

United States Minister Loomis recently made a long argument before President Andrade urging a suspension of the law relative to foreign insurance companies, the enforcement of which, the minister said, would drive all such companies from Venezuela. The result of Mr. Loomis' argument was that a suspension of the law was granted until March, when the statutes will be amended by congress. This action saves \$6,000,000 worth of business to American companies.

FROM GENERAL OTIS.
Reports the Successful Advance of Schwan's Column.

Washington, Oct. 16.—The following cablegram from General Otis at Manila has been received at the war department: "Schwan's column swung into Imus from Das Marinas Friday. He camped at Bacoor and scattered insurgents, who retired by detachments on Indung. Condition of roads prevented further pursuit; 125 men, thirty-seven volunteers, Major Chetham, drove insurgents south and westward from Lake Town on Muntinlupa, pursuing several miles and retired to Bacoor by Zapote river road; loss three men killed, two wounded, one missing. Schwan's movements very successful; inflicted heavy loss on men and property of southern insurgent army; he reports their casualties at 200 killed and 400 wounded; their stored supplies destroyed. Young moving from Arayat north and westward scattered insurgents who retired northwest; his casualties, three slightly wounded; considerably stored grain captured."

RICH MAN SUICIDES.

Vincennes, Ind., Oct. 16.—Leslie D. Sinclair committed suicide here by shooting himself through the temple. He was worth \$100,000 and belonged to one of the most prominent families in southern Indiana. He was one of the principal heirs to the half-million dollar estate of the late William J. Wise. The coroner found a note Sinclair had written to his sister in which he said his life was a failure. Sinclair was 28 years old and unmarried. He took his life in a restaurant.

TO INVESTIGATE BRIBERS.

Indianapolis, Oct. 16.—County Prosecutor Pugh announced that he would present to the Marion county grand jury the matter of alleged bribery in the settlement of the Indianapolis Street railway franchise. Ever since the settlement was made by which the present company secured the control of the streets for a period of 34 years and all rights and powers previously granted to two other companies, there have been rumors of bribery.

SCARCITY OF MEN.

West Superior, Wis., Oct. 16.—Lumbermen who have started logging operations in this vicinity say they are already having trouble to get the men needed. Teams are also scarce. The lowest wages offered at present is \$30 per month. That is for the swamper, who two years ago were getting 16 per month.

SANITARIUM BURNED.

Monticello, N. Y., Oct. 16.—The Loomis sanitarium at Liberty, Sullivan county, for the treatment of consumptives burned. The building was a stone structure and it was erected with money left by the late Dr. Loomis of New York. The adjacent cottages were saved. No lives were lost.

JONES IN CONFERENCE.

St. Louis, Oct. 16.—Chairman Jones of the national Democratic committee arrived here from New York. He conferred with Vice Chairman Stone and other party leaders. The time was spent in talking of the present situation and the developments during the senator's absence in Europe.

LORAIN, O., Oct. 16.—Mary Walush, 3, was caught under a falling derrick and crushed to death.

DISASTER AT SEA.

Passenger Steamer Burns and Several Lives Are Lost.

New York, Oct. 16.—The Bridgeport Steamboat company's steamer Nutmeg State which left Bridgeport at 3 a. m. caught fire three hours later off Execution light and was totally destroyed.

At 11 a. m. it was known that eight persons had perished as follows: Samuel Jayne, baggagemaster of the steamer, picked out of the water by the yacht Kismet, oiler on board; Barney Hendrick, oiler on the steamer; Patrick Coffee, first mate; Terence Brady of New York, cabin boy; Charles Anderson, Thomas Murphy, John Connors, all of the crew and an unknown woman. It is feared that some women and children were lost by the swamping of the lifeboats.

Some of the injured are: Harry J. Wilt of Philadelphia and his mother; Mrs. H. Purcell of New York.

The Nutmeg State was valued at \$150,000, and including the cargo the total damage will probably reach \$200,000. The vessel was built some years ago at Noank, Conn., and her gross tonnage was 1,124 tons. She was a propeller craft and had three decks.

The steamer City of Lawrence came in sight after the fire was discovered, and stood by to rescue the passengers and crew. The Nutmeg State's lifeboats were launched as soon as the City of Lawrence got within hailing distance, but several of them capsized and it was feared that some passengers were drowned.

O. J. Hurlbut of Bridgeport, passenger, was asleep when the fire was discovered. He said the fire was first seen by Baggage master Jayne, who, after arousing all the passengers he could, jumped overboard and died from injuries which he received from striking a portion of the vessel.

The fire broke out about 6 a. m. and in a few minutes was in full possession of the boat and amidships," said Mr. Hurlbut. "Life boats and rafts were thrown overboard as quickly as possible and the passengers were put on them. Some of the lifeboats were so overloaded that they capsized, but the passengers, many of whom had life preservers, clung onto the side ropes until the yacht Kismet arrived and helped them."

Captain Charles Brooks of the Nutmeg State reports that the steamer was a total loss. He said that three of his crew were burned to death and he feared that some of the passengers had suffered a like fate. The vessel is in 12 feet of water, a mile east of Sands Point on the Long Island sound.

There were between 30 and 40 passengers on the Nutmeg State, Captain Brooks said. He said that he was afraid some of them were lost. Everything possible was done for the passengers.

The City of Lawrence, a sound steamer which was coming down to the city, saw the fire and steamed over towards the burning vessel. Boats were put out from her and by heroic work the passengers of the Nutmeg State were taken aboard the vessel, together with the remainder of the crew, and brought to the city. Captain Brooks reported that the vessel and freight is a total loss. All the top works had been burned. Captain Brooks said, when he left, and the hold was still on fire. When the City of Lawrence reached her slip in East river, she had on board the surviving passengers of the Nutmeg State and the members of the crew who had been saved.

BOSTON HONORS DEWEY.

Boston, Oct. 16.—The residents of Boston and vicinity augmented by thousands of visitors from other sections of the commonwealth and from adjacent states, did honor to Admiral Dewey. The hearty greeting with which Admiral Dewey was received when he arrived has seldom if ever been equalled here; but the preliminary welcome was completely overshadowed in that given by the multitude whenever the famous Vermonter appeared in public and particularly as he rode through the city in the front ranks of the brilliant naval and military pageant which was the chief event of the day.

Nearagua Canal.

Huntsville, Ala., Oct. 16.—The southern industrial convention, which has been in session here four days, adjourned sine die. Chairman McCorkle will select a place for the next convention, to be held six months hence. The principal speaker of the day was Senator Morgan of Alabama. The senator reviewed his work on the Nicaragua canal. He said that until recently congressmen from Maine, Pennsylvania and Massachusetts had given him more support than southern statesmen. Recently the south had undergone a complete revolution on the matter and all now favor it.

ATTACKED BY AN EAGLE.

Ashtabula, O., Oct. 16.—An immense eagle attacked Mrs. Arthur Stewart of Saybrook, this county, while she was out in the yard and seriously injured her. The bird killed a dog which came to her assistance. The bird escaped just as Mr. Stewart returned home and found his wife lying helpless on the ground.

IRVING AND TERRY COMING.

London, Oct. 16.—Sir Henry Irving and Miss Ellen Terry, with their full company, sailed for the United States on the Atlantic transport line steamer Marquette, which is due to arrive in New York on Oct. 25 or 26. They will tour America with their new play, "Robespierre."

IT FAILED TO OCCUR.

Anticipated Uprising of Filipinos in the Poorer Quarters of Manilla.

AMERICAN AUTHORITIES VIGILANT

Native Policemen Arrested on a Charge of Plotting and Fomenting Strife—Feeling of Unrest Apparent.

Manilla, Oct. 16.—The authorities were informed from reliable sources that an outbreak in the poorer districts of Manilla had been carefully planned for daylight on Sunday.

It failed to occur, probably on account of the vigorous measures enforced. Many natives of the Tondo district left, taking their valuables. All the small shops, which the guards usually forced to close at 8 p. m., were shut at sunset. A general feeling of uneasiness was apparent.

The guards of the city were doubled and a strong force stationed at the slaughter house, the center of the unruly section. Two guns of the Sixth artillery were stationed nearby at a point commanding the native quarter. The commanders of the reserve troops were ordered to be prepared for a call at daylight.

Three native policemen have been arrested on a charge of plotting the uprising. The fact that their comrades informed the authorities of their treachery indicates that the police force is loyal.

CONFESSED TO COUNTERFEITING.

Chattanooga, Oct. 16.—W. J. Green, the counterfeiter in jail here, confesses that he has been making spurious coin several months. He took a party to the foot of Lookout mountain and unearthed a quantity of counterfeit dollars and considerable metal on the state line between Georgia and Tennessee. Green said that he was working for others, who furnished the material, moulds, etc., and instructed them regularly. An oathbound gang is operating throughout the country, principally in the south.

COOK COUNTY MARCHING CLUB.

Chicago, Oct. 16.—The Cook County Democratic Marching club will start Tuesday on the scheduled trip to Kentucky, Ohio and Indiana. Two hundred and twenty-five members of the club will board the special train chartered from the Big Four road. The club will be in Louisville Oct. 18; in Lexington, Oct. 19; in Cincinnati, Oct. 20. Short stops will be made at Lafayette, Ind., Indianapolis, Frankfort, Frankfort, Ky.; Paris, Ky.; Dayton, Columbus and Springfield, O.

COLLISION ON LAKE HURON.

Harbor Beach, Mich., Oct. 16.—The steamer W. P. Ketcham ran down the little schooner Typho in Lake Huron. The Typho was instantly sunk and four of the crew were drowned. Their names follow: Henry Ledford, mate of the Typho; Dan Carr, seaman; John Campbell, seaman; Mrs. Adams, cook. The Ketcham is bound down from Chicago to Buffalo with a cargo of grain. The Typho was met off Middle island, near Alpena.

WEATHER FORECAST FOR KENTUCKY.—Fair Monday and Tuesday; colder in western portion Monday; colder Tuesday and southerly winds.

I HAVE been a Republican since 1860, but my party stinks in the nostrils of decent men. If the people are willing to uphold such corruption as many of the leaders practice and to condone their dishonesty, God help the country—John Wanamaker.

THAT rank Republican journal, the Cincinnati Times-Star, says that if Governor Bradley would keep out of the campaign the Republican chances in Kentucky would be materially increased. The Times-Star is a McKinley-Hanna organ and if the Kentucky Republicans should happen to win, they don't want Bradley to have any credit for it.

It is asserted that the arguments advanced by Attorney General Taylor, Republican nominee for Governor, against the Democratic bill to provide cheaper school books are the very same placed upon the desk of every member of the Legislature by the school book trust when they were lobbying for its defeat. The Cynthiana Times asks: "Can anything be plainer than who is backing the Torney General's candidacy, when his campaign ammunition all comes from trust sources? Do the people of Kentucky want a corporation-trust elected and controlled administration? If they do, Taylor is the man."

WHAT RIGHT

Have Republicans To Throttle a Republic? Asks Robert Treat Paine.

SOUTH BRAINTREE, MASS., October 12.—The Democratic campaign in this state was opened here last night. The speakers attacked the National Administration for its Philippine policy and its attitude toward trusts. Robert Treat Paine, candidate for Governor, said:

"Republicans have called McKinley their Napoleon. Beware lest he follow in the footsteps of Napoleon, when the acclaim of an enfranchised people shall turn into the execration of the world."

If Congress, in furtherance of the wishes of our people, promised the Cubans self government, by what right of divine authority does McKinley deem himself authorized to decree that the republic established in Luzon shall be washed out in blood?"

A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for consumption, coughs and colds. I gave it a trial, took in all eight bottles. It has cured me, and I thank God I am saved and now a well and healthy woman." Trial bottles free at J. Jas. Wood's drug store. Regular size 50c. and \$1. Guaranteed or price refunded.

Cincinnati and Return, \$1.75.

On account of the Baptist convention Oct. 23rd to 26th the C. and O. will sell round trip tickets, Maysville to Cincinnati, at rate of \$1.75. Tickets on sale October 24th and 25th. Return limit October 27th.

The Cincinnati ball club is booked for a game at West Union next Wednesday. Sammy Leever, of the Pittsburghs, and Platt, of the Philadelphias, will assist the West Union boys.

ROGER & BRO.'s 1847 knives and forks \$3.50 per dozen pieces, regular price \$5. Sterling silver spoons and forks at rock bottom prices. Cut glass and bronzes in endless variety at prices never equalled.

MURPHY, the jeweler.

ONE of the largest congregations that ever met at the Baptist Church assembled last night to hear Rev. Sid Williams preach on the Resurrection. The congregation were more than pleased with his splendid efforts and the delightful singing of Mr. Brown. Services this afternoon at 3 o'clock and to-night at 7, which may be their last service. Several candidates will be baptised to-night.

Cure guaranteed. Sold by J. J. Wood & Son, druggists.

FOR PUGH.

Mason County Democrats Instruct for Lewis County's Choice

In Race for State Senator—Proceedings of Saturday's Convention—District Convention This Afternoon.

The Democrats of Mason County met Saturday afternoon at 1 o'clock at the court house to select delegates to the district convention this afternoon at 1 o'clock in this city to nominate a candidate for State Senator.

The meeting was called to order by Chairman Slattery of the Executive Committee. No contests being reported, a motion was adopted recognizing all Democrats present as delegates from their respective precincts.

The convention was organized by the unanimous election of Dr. C. C. Owens as Chairman and M. J. McCarthy as Secretary.

On motion the Chair appointed Hon. Chas. B. Poyntz, T. D. Slattery, J. C. Everett, Hal Wood and John W. Eitel a committee to select delegates to the district convention. They reported the following:

Resolved, That all known Democrats in this county be and they are hereby appointed delegates to represent Mason County in the Senatorial convention to be held in Maysville, Ky., Monday, October 16th, 1899, at 1 o'clock p.m.

The report was adopted and then John C. Adamson offered the following resolution, which was also unanimously adopted:

Resolved, That the delegates from Mason County attending the Senatorial convention of the Thirty-first district to be held in Maysville, Ky., Monday, October 16th, 1899, are instructed to vote as a unit upon all propositions coming before that convention, and to cast the vote of Mason County for the nomination of James R. Pugh, of Lewis County, for State Senator.

The convention then adjourned, sine die.

The action of Saturday's convention insures the nomination of Mr. Pugh this afternoon. He is one of the staunchest Democrats in Lewis County and at the same time one of the most popular.

KENTUCKY CROPS.

Commissioner Moore's Report For September—Corn Disappointing in Yield and Quality and Tobacco Crop Short.

The monthly report of Agricultural Commissioner Lucas Moore for September is as follows:

Replies were received this month from 138 correspondents, representing ninety-seven counties.

Corn—The average yield per acre is estimated at 21.4 bushels. The estimate on October 1, 1898, was 32.5, and for a corresponding date of 1897 it was 24 bushels.

The drying weather during September was of benefit in hastening the maturity of the crop, otherwise a considerable loss would have been sustained by the severe frost of the 29th and 30th. At it is, the loss is inconsequential, amounting to but 4 per cent. The heaviest loss occurred in the Western section, where the rainfall was more liberal and the growing season accordingly prolonged. The quality in the main is not up to the standard, being "chaffy" and loose on cob.

While the crop is generally disappointing, both in yield and quality, it is rather remarkable that a few counties, notably Daviess and Henderson, report the crop one of the best ever produced.

Tobacco—in the burley district the average yield per acre is estimated at 825 pounds. This is a heavy average, and is mainly due to the unusually heavy yields reported from the counties of Boyle, Clark, Jessamine, Marion, Mercer and Woodford. Omitting these counties from the calculation and the average is 741 pounds, which is, in our judgment, nearer the correct amount, being within a few pounds of the average for 1898.

The acreage of the burley district, after allowing for losses sustained by insects and unfavorable season, was estimated at 86 per cent. of the acreage of 1898. With approximately the same yield per acre we may conclude that the burley crop of 1898 will amount to 86 per cent. of the crop of 1898.

Worms were very destructive during the latter part of the season. With the exception of damage from this source and that portion of the crop cut before ripe, in order to save from firing, the quality is satisfactory. The damage from frost was very slight in this section, amounting to but three-fourths of 1 per cent.

The yield per acre for the "dark tobacco"

district is estimated at 730 pounds, which is 85 pounds per acre less than the estimate for 1898. The decrease is accounted for by an imperfect stand and a lack of moisture at the time most needed for the development of the plant. The acreage was estimated earlier in the season at 82 per cent. of the acreage of 1898. If we accept as correct the estimates of a decrease, both in yield and acreage, the crop of dark tobacco amounts to 72 per cent. of the crop of 1898. The damage by frost in this district amounts to 2.6 per cent.

Clover Seed—The clover seed crop is practically a failure in the State. The acreage cut is but 42 per cent. of the acreage of 1898, with an average yield of 1.6 bushels per acre.

Pastures—Pastures are very short, especially in the Western and Central sections, where it is necessary to feed stock same as during the winter season. The condition compared with average years is 65. The advanced season precludes any hope of relief from the labor and expense of feeding stock, and the best to be done is to protect stock and economize in the use of feed as to lighten as much as possible the expense of the long feeding season.

Live Stock—Short pastures and scarcity of stock water are having a marked effect on live stock. Where the scant grazing has not been supplemented with some forage crop, stock has grown thin and is in poor condition to withstand the winter.

The most notable feature connected with live stock is the scarcity of hogs being fed for market. The number is estimated at 75 per cent. of the number in 1898, and is due, more than anything else, to the great loss of pigs during the severe weather of last winter. Cholera or other diseases prevail to a limited extent only, and is confined to a few counties. Replies to the question, "Have you hog cholera in the county?" are 101 in the negative and 35 in the affirmative.

Apples and Wheat—The apple crop is one of the lightest ever grown and is estimated at but 37 per cent. of the crop of average years. The hot, dry season caused the fruit to dry up on the trees, and the per cent. of sound ripe fruit is very small.

Wheat sowing has begun, and is being pushed with vigor. Stalk ground is in excellent condition, being free from weeds and unusually light and friable, so that where corn is followed by wheat it will be seeded under most favorable conditions. The early plowed fallow land is also in good condition, but the latter plowing is rough and "cloddy," and the continued dry weather renders it impossible to put it in proper order for seeding.

Fallow plowing is now at standstill, and the seeding of a considerable per cent. of the acreage is being delayed.

SLEEPING A WEEK.

Mrs. Ramsay of This City Puzzling Cincinnati Physicians by Her Protracted Slumber.

[Commercial Tribune.]

Mrs. Ramsay, of Maysville, Ky., mother of John Ramsay, of 502 Lock street, has been sleeping almost continuously for a week.

She came here to visit her son and last Saturday she complained of drowsiness and went to sleep, and has continued sleeping until the present time.

When shaken violently she opens her eyes, but quickly relapses into unconsciousness. Her pulse and breathing are regular, but the doctors say that unless she can soon be induced to take nourishment her sleep will end in death.

There is no accounting for her strange condition.

More New Plaids

Brand new in style and price. The maker of them was bright enough to catch the colorings and shadings that have only been found in the high-priced goods. Ten styles. This lot came Friday night and is a third gone before we can print a word in the papers. Not \$1, but 75c. It is a shame to value beauty so lightly. Other plaids up to \$2.50 or down to 25c.

\$2 Caniche Cloth, \$1.50.

Every day lessens the chance of having all the six exquisite designs to choose from. This black Caniche is by odds the happiest thought of the dress goods year and it is only the misstep of a single importer that lets us get the lot to sell at \$1.50 a yard instead of \$2. The fabric is enduringly good and will give as many seasons of wear as any one could wish. Caniche is Crepon, made better, with all of Boucle's beauty thrown in. Silk and wool. Five to six yards for a gown. It is forty-six inches wide.

JACKETS and CAPES

Our stock of Ladies' and Misses' Jackets and Capes, Children's and Infants' Cloaks, is larger, better and more complete this season than ever before. We never stand still. The experiences of this season will show us where some improvement can be made the next. We study all your wants and make greater efforts to meet your requirements as the days roll by. You'll find the truth of all this well illustrated in our Cloak department. Our space is too limited to go into details. All the various styles and bargain prices would fill a book. We've Ladies' Jackets from \$2.75 to \$15.95; Capes from 69c. to \$18; Misses' and Children's Jackets from 98c. to \$10.50. Infants' Long Cloaks from \$1 to \$5.50. Our Plush Cape at \$4.95 is an especial leader, worth fully \$6.50. At \$6.95 and \$8.95 you'll find All Wool Kersey Jackets with Mercirised or silk lining that are worth respectively \$8.50 and \$11. We guarantee perfect fit with every garment. The prices are all marked in plain figures.

Collarettes and Boas!

This will be a great fur season. We are showing a line of Collarettes and Boas equal to that of most metropolitan stores, with the one difference—that our prices are lower. They come in Martin and Seal; some trimmed with Moufflon, others with Astrachan. You can have your choice of the short Collarette or one with long tabs and tails. Prices, \$1.98 to \$12.50. We invite comparison.

ROSENAU BROS.,

PROPRIETORS OF THE BEE HIVE,

A RARE TREAT.

The Lecture of the Hon. Wallace Bruce at the Court House Saturday Evening.

The lecture by the Hon. Wallace Bruce Saturday evening was a rare treat indeed, and it is greatly to be regretted that so few availed themselves of hearing so scholarly and brilliant a speaker.

Mr. Bruce, himself a poet, was thoroughly in love with his subject, and put himself at once en rapport with his audience, holding their breathless attention throughout. He spoke of Burns, the poet—the genius; neither eulogizing his life, nor drawing morals from his mistakes. His rendition of "Tam O'Shanter" was a revelation, bringing out new meanings in the old familiar lines, which his own fine sense of humor made irresistible. "Highland Mary" was given with great tenderness and feeling.

In conclusion Mr. Bruce said he would rather his two lads would live up to the advice contained in the immortal "Epistle to a Young Friend," than that of Polonius to Laertes, or any other outside the Good Book.

We understand this is the first of a series of entertainments to be brought here by the Y. M. C. A. It was certainly up to the high standard Mr. Baker has always maintained. It should be remembered this is a class of attractions we get in no other way, and Mr. Baker should be better supported in giving Maysville such opportunities.

THE DEATH RECORD.

The Final Summons Came Sunday Afternoon to Mr. Joseph T. Frazee and Mr. E. D. Pickett.

The sad news has been received of the death of Mr. Joseph T. Frazee Sunday afternoon at the home of his daughter Mrs. R. K. Hart, of Flemingsburg. Mr. Frazee was a sufferer from palsy, and his health had been steadily declining for several years. The end came at 3:20 o'clock Sunday afternoon.

Mr. Frazee was born at Germantown where he spent the better part of his life. During the past decade or so he was a resident of this city for a few years. When his health became so poorly a year or so ago, he and his wife took up their residence with their only daughter, Mrs. Hart, who, with her mother, survives.

Mr. Frazee was in his sixty-fourth year, and was a member of one of Mason County's old and honored families—a family whose members have always been held in the highest esteem. He leaves two brothers, Dr. John M. and Mr. D. C. Frazee, of this city, and one sister, Mrs. John H. Walton, of near Germantown.

The funeral will take place Tuesday morning at 10 o'clock at the residence in Flemingsburg. Burial in the cemetery at that point.

Deceased was a son of Squire Joseph Frazee, deceased, of Germantown.

His wife was Miss Amanda Gordon, a daughter of the late Charles Gordon, of Fern Leaf.

DEATH OF A PROMINENT CITIZEN.

We regret to announce the fatal termination, on yesterday afternoon, of the long illness of Mr. E. D. Pickett, of Tuckahoe, whose health has been steadily declining since the beginning of the present year.

Mr. Pickett was born near Washington, Ky., in 1849, and was one of the younger sons of Major B. O. Pickett. His life has been devoted to the pursuits of country life, and he was widely known as one of the most successful farmers in the county and a sagacious man of affairs. He was a strong but silent partisan of the old Democratic school, a generous and public spirited citizen, a courteous, well-bred gentleman, a loyal friend and kinsman, and proverbial for his honorable and punctilious discharge of duty in the varied relations of his social and business life. He had a large circle of friends and relatives in the county, and was highly respected for his intelligence and integrity wherever known. He was charitable in the largest sense.

His memory will mingle pleasantly for many years with the traditions of the cabin and the country-side, and he will long be remembered by the helpless whom he befriended and by the poor and the humble whom he never forgot. His death is a real bereavement to the community in which he lived.

The funeral services will take place at 10 o'clock to-morrow (Tuesday) morning at the family residence on Tuckahoe, and will be conducted by the Rev. William

DEATH OF MRS. JAMES SCOTT.

Mrs. James Scott died in her home near Tollesboro at an early hour Saturday morning. Her maiden name was Plummer and she was married to James Scott November 30, 1884. Deceased was aged forty-two years, and for several months had been a sufferer from consumption, which finally caused her death. She joined the Christian Church ten years since and lived true to the profession of her faith.

The funeral service was conducted on Sunday morning in the Tollesboro Christian Church by J. H. Newlin, after which the body was laid to rest in the Mt. Tabor Cemetery.

Spain's Greatest Need.

Mr. R. P. Olivia, of Barcelona, Spain, spends his winters at Aiken, S. C. Weak nerves had caused severe pains in the back of his head. On using Electric Batteries, America's greatest blood and nerve remedy, all pain soon left him. He says this grand medicine is what his country needs. All America knows that it cures liver and kidney trouble, purifies the blood, tones up the stomach, strengthens the nerves, puts vim, vigor and new life into every muscle, nerve and organ of the body. If weak, tired or ailing you need it. Every bottle guaranteed; only 50 cents. Sold by J. J. Wood & Son, druggists.

A CARD.

In Friday's issue of the Ledger there was a misleading statement, in regard to the school of Prof. Kay. He excused his pupils for half hour which will in the future show to be clearly justifiable, especially to those eight boys who received severe whippings for their bad behavior.

A childless home is a cheerless home. The maternal instinct exists in every woman, and when it is ungratified she is deprived of much of the happiness of life. It often happens that childlessness is due to some cause which can be removed, and often is removed by the use of Dr. Pierce's Favorite Prescription. The vigor and vitality which this remedy imparts to the delicate womanly organs, puts them in a condition of normal health, the lack of which is often the sole obstruction to maternity. Every woman should read Dr. Pierce's Common Sense Medical Adviser, a book containing 1008 pages and 700 illustrations. It is sent entirely free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the paper bound volume, or 31 stamps for cloth covered. Address Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y.

WINDUP OF THE SEASON.

Standing of the Clubs in the National League Race.

New York, Oct. 16.—In the National league baseball race, just finished, excitement on the whole was at a discount.

There were many exciting games and in some respects the playing, generally speaking, was high class. It was too much of a procession to be a race. Long before the season ended the Brooklyns were conceded to be the coming champions, their lead, after they had once gone to the front, which was on May 22, seldom being so small as to be reckoned unsafe. The real fight was for second place. The clubs finished as follows:

The Cincinnati Leaf Tobacco Warehouse Company has the following in its circular for the week:

"There was no change of importance in the market for the present week. Great activity in the bidding was noticeable from first to last, and prices were surely as strong as heretofore, possibly a shade higher on some grades. Red tobacco at 12c, to 15c, seemed to have the quickest attention, and, in fact, medium goods have lately advanced. Low grades and color goods continued to have the same active inquiry, and brought up to, and in most cases, over shippers' marks."

"The sales, though only moderate in size, have during the present month considerably overlaid the receipts, which latter have fallen off rapidly. This circumstance is, of course, due first to the fact that there is not much tobacco left to ship, and secondly to the fact that what little there is left was not in condition to handle during the recent protracted dry spell. This broken we may look for more liberal receipts for a few weeks."

"From the present outlook new tobacco is going to be in the market very early: at least, the condition is further advanced than usual, and we would not be surprised to see some few hogheads on our breakers before the month is out."

"We learn that purchases of the green tobacco are already being made, for later delivery of course, but nevertheless this is very early in that course.

MR. GEO. GRIFFIN received some painful bruises on the face Saturday evening while assisting members of Washington Fire Company in testing the new hose attachments. The pressure was too strong for him and a section of the hose struck him in the face.

To Prevent a Lynching.

Columbia, Tenn., Oct. 16.—Horace Campbell, a negro phosphate miner, is in jail here and a strong guard stands watching to prevent a threatened lynching. Campbell and another negro resisted arrest at the Tennessee Phosphate company's mines, opening fire on the officers, James Gilmer, B. Ladd and W. Wilshire. Gilmer was killed and Ladd wounded twice in the thigh, and the negroes fled. Later Campbell was arrested and identified.

McKinley's Return.

Milwaukee, Oct. 16.—Enthusiastic crowds greeted President McKinley and party on the return trip through Iowa and Wisconsin. Short addresses were made by the chief executive and cabinet officers at several points. The party will reach here Monday evening.

On Ingogo Battlefield.

Durban, Oct. 16.—Authentic news has reached here that 3,000 Boers encamped on the Ingogo battlefield Friday evening.
